

USB extension cables for SAM PuttLab and SAM BalanceLab

We only can guarantee functionality for the following USB extension cables, as we cannot test all different extensions available in the market.

We recommend the cables listed below:

Solution for 5m / 16ft extension:
Lindy USB 2.0 Active Extension Cable, No. 42817 or Aten ATN-UE-250
Solution for 8m / 26ft extension:
Lindy USB 2.0 Active Extension Pro, No. 42780
Solution for 10m / 32ft extension:
Delock USB 2.0 Extension 10m active, Type 82446
Solution for 12m / 39ft extension:
Lindy USB 2.0 Active Extension Pro, No. 42782
If you need help finding the products or have further question where to buy the cables please contact us: service@scienceandmotion.com

For connection of the extensions to the PuttLab or BalanceLab systems only use the original cables that are delivered with the system.

Always use the extension cable on the side of the computer!
